Verification Scores

V_AGENTZERO(T)	0.9900
GATE (>= 0.95)	PASS
C_GRADED	10.0000
CONSENSUS BAND	A — Verified Consensus

Agent Zero Rationale

The claim exactly matches the temporal ground truth (Wednesday, June 3, 2026 UTC) and cites the authoritative source (system clock), making it fully verified.

Ring of 12 — Independent Grades

#	Perspective	Grade	Rationale
---	-------------	-------	-----------

G01	Empirical Evidence	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G02	Logical Consistency	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G03	Source Reliability	10.0	The submission's date, weekday, month, and year all match the authoritative system clock exactly, and the source cited (system clock) is the designated ground truth.
G04	Historical Context	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G05	Counterfactual Stress Test	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G06	Statistical Plausibility	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G07	Legal & Procedural	10.0	All temporal elements (weekday, date, month, year, timezone) exactly match the verified system clock ground truth.
G08	Scientific Method	10.0	The claim matches the temporal ground truth exactly: Wednesday, June 3, 2026 UTC.
G09	Linguistic Precision	10.0	The submission precisely and accurately states the current UTC date and weekday, matching the temporal ground truth exactly.
G10	Bias & Framing	10.0	The submission exactly matches the temporal ground truth with no framing bias or distortion.
G11	Temporal Accuracy	10.0	The submission exactly matches the temporal ground truth: Wednesday, June 3, 2026 UTC.
G12	Operational Verifiability	10.0	The submission's date, weekday, month, and year all match the Temporal Ground Truth exactly.
